WORLD IS CURVED

TEQIS

# JOIN THE TEQQERS!

# A NEW SPORT WAS BORN

## TEQIS. HIT AND NEVER QUIT.

THE PRIMARY DRIVER OF ANY INNOVATION IS TO ALWAYS QUESTION THE WAY THINGS ARE DONE.

Whilst developing teqis, the goal was to create a modern racket sport that can be played and enjoyed by players of all levels on the TEQ multifunctional sports equipment. The unique rules enable people to improve their reaction time, technical precision and well-being, contributing to a more active lifestyle.

Our mission is to create value through sport and present it to all sport enthusiasts all over the world.

We hope that you will be our partner on this beautiful journey.

# BECOME THE NEXT CHAMPION!

**TEQIS IS A NEW RACKET SPORT PLAYED ON THE SPECIALLY CURVED, MULTIFUNCTIONAL TEQ TABLE WITH A LOW COMPRESSION (50%) TENNIS BALL AND BEACH TENNIS RACKETS.**

**THE COURT SIZE ENABLES THE PLAYERS TO USE THE ANGLES AND THE WIDTH OF THE COURT, CREATING A DIVERSE GAME. WITH THESE MEASUREMENTS IT'S EASY TO IMPLEMENT THE GAME ONTO ANY KIND OF TENNIS COURT.**

It improves the stroke's technique, concentration skills, and provides the opportunity for extremely spectacular rallies. After a short practice, anyone can easily play this challenging game, regardless of age, gender or level of skills.

The nature and the rules of the game allow wheelchair athletes to play together with able-bodied partners, even in mixed doubles, enabling complete equality and inclusivity.

Among the TEQ sports, one of the unique aspects of teqis is that the ball can bounce on the ground once, after hitting the table.

„EXTREMELY EXCITING, DYNAMIC, SPECTACULAR.“

The soul of teqis is the table; a new and revolutionary piece of sports equipment that took over two years' testing and research to eventually develop its final innovative and sophisticated shape. The net is solid plexiglass and thus the ball bounces back from it, so the concept of uninterrupted games is no longer a dream.

The structure of the TEQ Table, aligned with the rules, does not allow luck or chance to interfere with the game: players can only rely on their skills and abilities.

# THE MAIN RULES OF TEQIS

**TO PLAY THE GAME, ALL YOU NEED IS A BALL, A RACKET, A TEQ TABLE AND A 12,8 METERS LONG, 8,23 METERS WIDE PLAYING FIELD, SAME SIZE AS THE TENNIS SERVICE BOXES. IT IS PLAYED BETWEEN TWO TEAMS OF TWO PLAYERS AGAINST EACH OTHER.**

- Q A teqis match is won by winning one or more sets depending on the competition.
- Q One set consists of two winning games.
- Q One game is won when a player or team reaches 8 points.
- Q The server has two chances to complete a successful service.
- Q Serving alternates between teams after every two points.
- Q There are three ways to play the ball:
  1. Volley: the player hits the ball before it bounces on the table.
  2. Boardshot: the player hits the ball after it bounces on the table but not on the ground.
  3. Groundstroke: the player hits the ball after it bounces on the table and on the ground.
- Q Both players in a team must hit the ball before returning it. The same player cannot take consecutive hits and the ball must be returned within 3 shots.
- Q If the opponent lets the ball bounce on the ground, it must bounce inside the court area.
- Q 'Doublepoint': Once per set, a player/team may declare a 'doublepoint' before any serve provided and they have not reached 6 points. If that player/team wins the point, they receive 2 points.

USE THE EQUIPMENT AT YOUR OWN RISK!

# TEQ ONE

- INDOOR / OUTDOOR
- CAN BE FIXED TO THE GROUND
