A NEW SPORT WAS BORN

LET US INTRODUCE TEQVOLY, A FRESH AND NEW VOLLEYBALL-BASED SPORT

We combined the advantages of the innovative and multifunctional TEQ table with the basic elements of volleyball and took it to the next level by creating its own rules and scoring system.

Thanks to the diversity of teqvoly it can be played by anyone, anytime, anywhere, both at a professional level and as a recreational activity. Our ultimate vision is to create real value through this energetic and entertaining sport, we wish that you will become our partner on this beautiful journey!

BECOME THE NEXT CHAMPION!

TEQVOLLY IS A PERFECT FREE TIME ACTIVITY FOR EVERY SPORT ENTHUSIAST, AND ALSO, IT CAN BE AN EXCELLENT COMPLEMENTARY EXERCISE FOR PROFESSIONAL VOLLEYBALL PLAYERS. THANKS TO THE CURVED SHAPE OF THE MULTIFUNCTIONAL TEQ TABLE, PLAYERS CAN DEVELOP THEIR FOCUS, REACTION TIME AND TECHNICAL PRECISION.

The hexagonal court offers various spectacular attacking variations. The rules have been designed to make the rallies more exciting and enjoyable both for the players and the spectators as well.

Our main goals are to create global awareness, promote the sport for professional and amateur players alike and implement teqvolly into the everyday practice of volleyball players.

George Grozer
Teqvoly Ambassador

IDEAL FOR

The soul of teqvoly is the table; a new and revolutionary piece of sports equipment which took over two years' testing and research to eventually develop its final innovative and sophisticated shape. The net is solid plexiglass and thus the ball bounces back from it, so the concept of uninterrupted games is no longer a dream.

The structure of the TEQ table, aligned with the rules, does not allow luck or chance to interfere with the game: players can only rely on their skills and abilities.

THE MAIN RULES OF TEQVOLY

- Q Teqvoly is played by two teams of two players
- Q Each team has a maximum of 3 touches, a minimum of 1 pass is required and passes need to alternate between players on the same team
- Q The serve and the returned ball must bounce only once on the opponent's playing surface of the table
- Q The server has two chances to execute a successful service
- Q The teams change service after each 4 points
- Q If the ball has been returned from inside of the lines to the opponent's playing surface, the next return from the same team must be made from outside of the lines
- Q If the ball bounces on the edge of the table, the serve or rally must be repeated unless the opponent touches the ball

- Q The half-way line can only be crossed when passing the ball backwards to your team
- Q Returning the ball is only allowed if it is on your own team's side
- Q Spiking downwards is only allowed if the player is outside the lines and one foot must stay on the ground
- Q Spiking with a jumping approach is allowed for men they must ensure they land with both feet outside the lines; for women must ensure both feet do not cross the lines before jumping
- Q Each team has the right to request the chance to earn the 'doublepoint' once every match
- Q A match consists of two winning sets. A set is won when a team reaches 12 points
- Q Any contact with the table is forbidden

WORLD CONQUEST HAS BEGUN-
MAKE YOUR CITY TEQ

PARA TEQVOLY IS AN EMPHASIZED MEMBER OF THE TEQVOLY FAMILY

Para Teqvoly is a new inclusive sports activity rising into popularity in the para society and targeting all the sports lovers who have a desire to compete without limitations.

It is played on the award-winning, curved Teq table by two players in two teams. In the inclusive game only one player per team is allowed to be able-bodied, which makes the team formation easier and let's everyone enjoy the game together.

From the very beginning the aim was to create a new, enjoyable and fun sports activity that brings together all the athletes with or without disabilities to try new challenges. Our overt intention is to shake up the sports community and call them to play without boundaries.

Para Teqvoly has already become popular at the national and international tournaments in Italy, Poland and Georgia, in these countries non-professional and professional sitting volleyball and volleyball athletes have played on our Teq table.

“PARA TEQVOLY IS A GREAT FAMILY AND IT IS ALWAYS A PLEASURE TO BE PART OF ANY TOURNAMENT. GOOD VIBES AND GREAT EXPERIENCES.”
